# Octopus Smartflex

- Set up your electricity price plan and select Intelligent Octopus Flux.

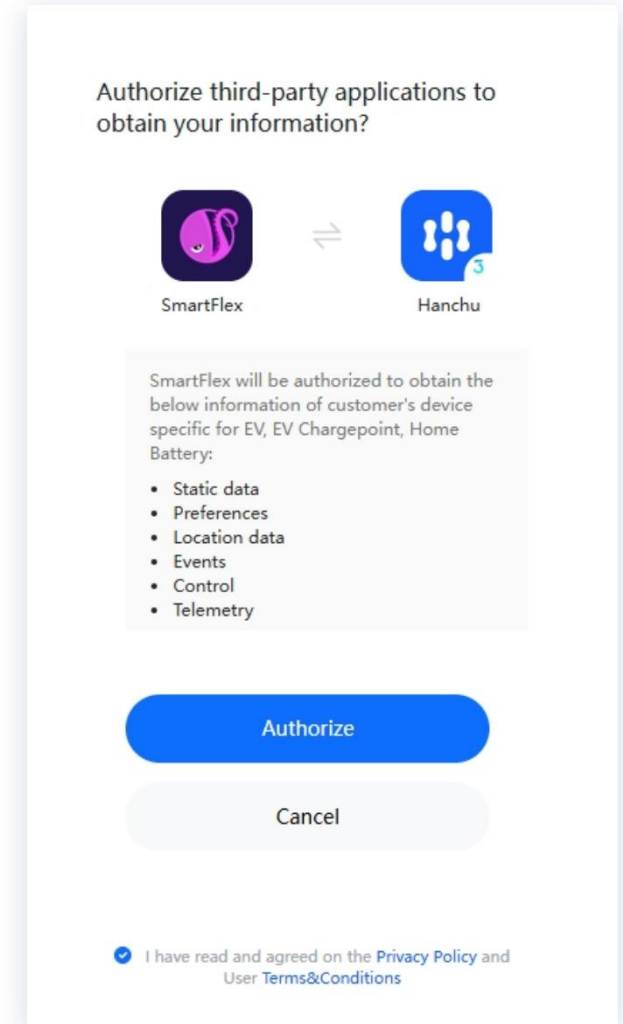

# Octopus Smartflex

- Log in to your APP-Octopus Energy and complete authorization for Hanchu.

The image shows the Octopus Energy login interface. At the top is the Octopus Energy logo, a pink octopus head, and the text "octopusenergy". Below the logo is the heading "Sign in to your account". There is a dropdown menu for the region, currently set to "United Kingdom" with a small octopus icon and a downward arrow. Below the region selector are two input fields: "Email address" and "Password". A link "I've forgotten my password" is positioned below the password field. At the bottom of the form is a large purple "Login" button.

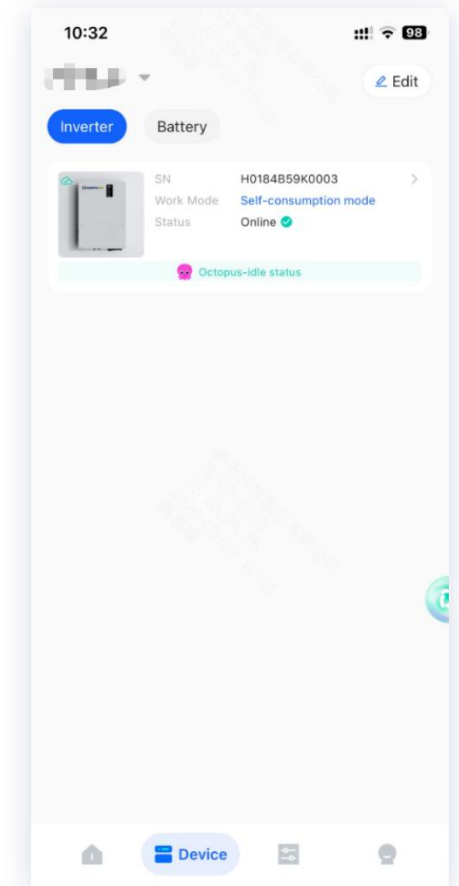

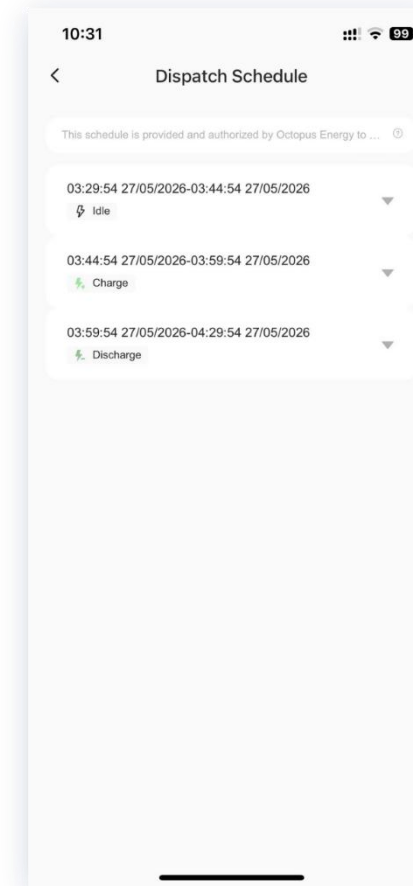

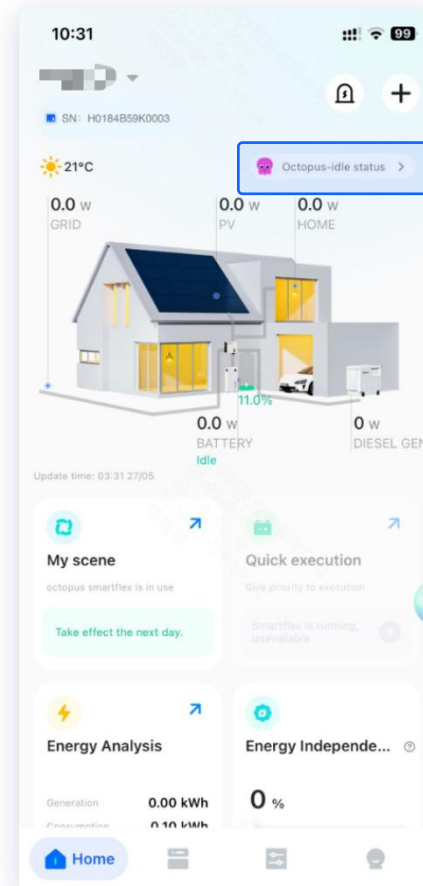

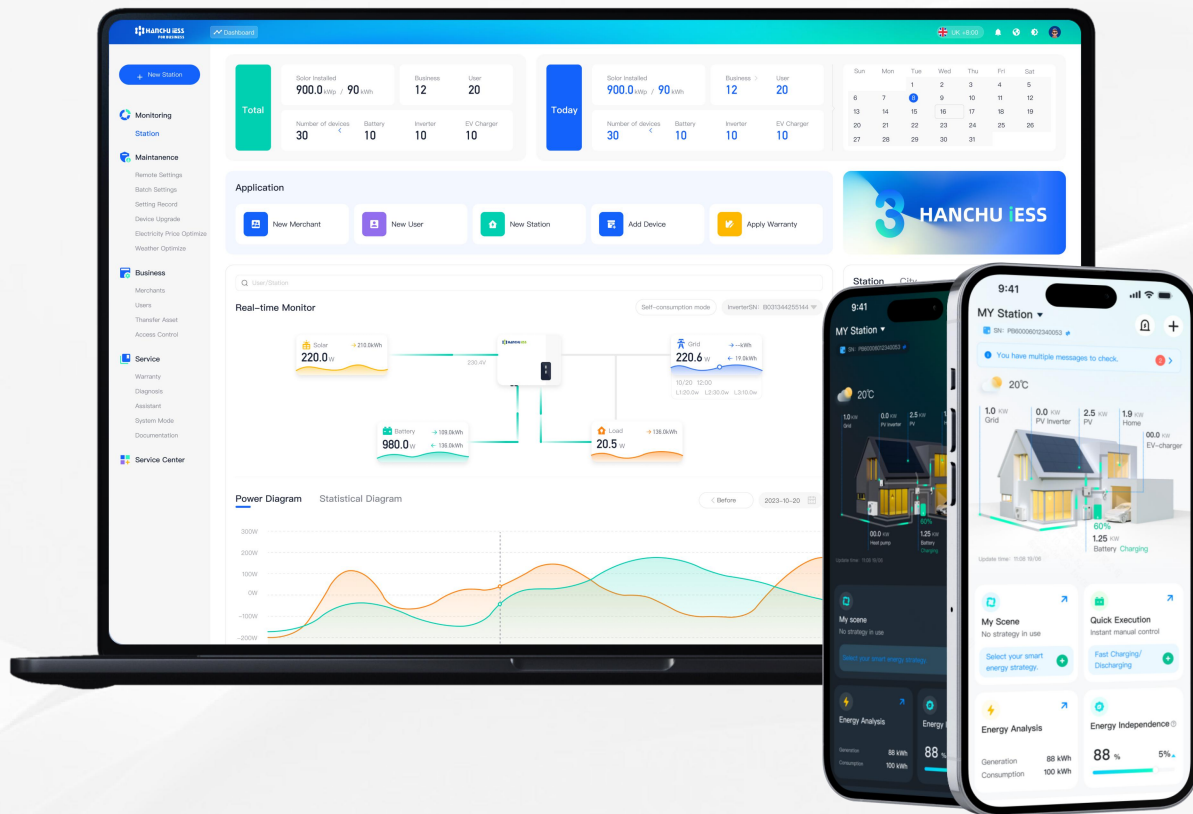

The image shows an authorization screen titled "Authorize third-party applications to obtain your information?". It features two app icons: "SmartFlex" (a pink octopus head) and "Hanchu" (a blue speech bubble with three white dots). A double-headed arrow connects the two icons. Below the icons is a text box stating: "SmartFlex will be authorized to obtain the below information of customer's device specific for EV, EV Chargepoint, Home Battery:" followed by a bulleted list: "• Static data", "• Preferences", "• Location data", "• Events", "• Control", and "• Telemetry". At the bottom of the screen are two buttons: a blue "Authorize" button and a grey "Cancel" button. At the very bottom, there is a checked checkbox and the text "I have read and agreed on the Privacy Policy and User Terms&Conditions".

# Octopus Smartflex

- Return to the Hanchu APP. After receiving the successful authorization notification, your system will be able to use Octopus Smartflex. Click Octopus tab to view your smart charge and discharge schedule.
